Quilting Diagrams

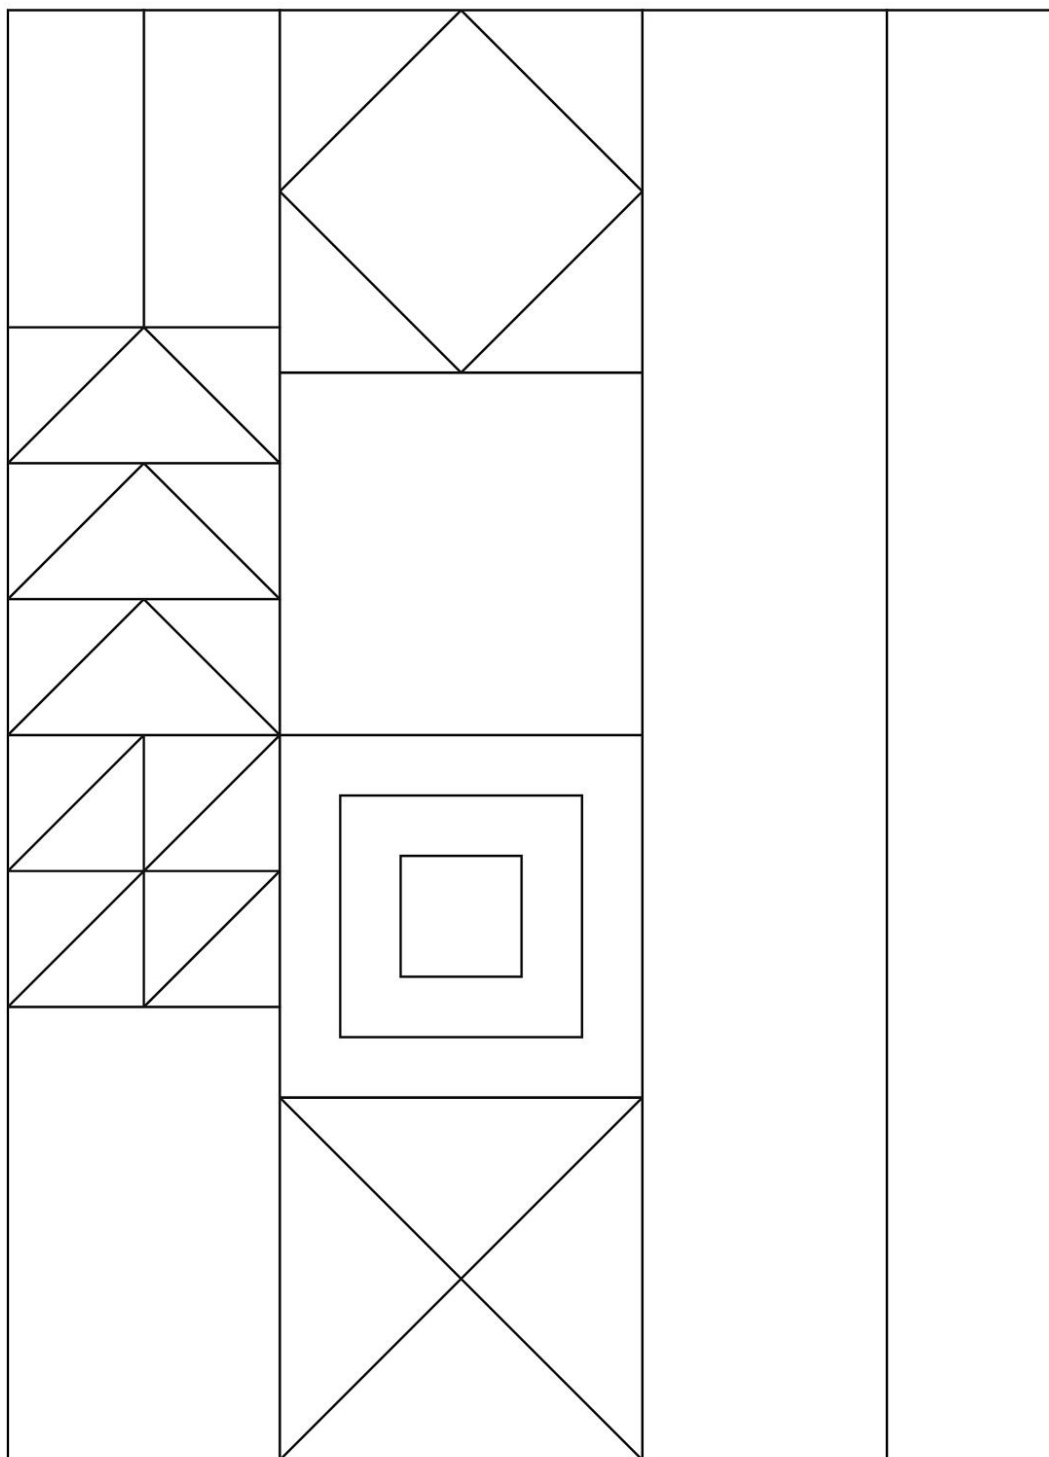

Turn In Early: The loopy meander is the perfect design for this quilt. It's fun, playful and above all, easy to quilt. Try stitching the circles in varying sizes for a different look.

Quilting Diagrams

Up All Night: Show off the beautiful animals in each panel by filling in the surrounding spaces. Loops, swirls and back-and-forth lines are some of my go-to fillers.

Quilting Practice

Your Turn: Print this page to practice sketching before you quilt, or to test out your own designs and fillers.
